CA4842 Calcium Stearate Dispersion, 55%, High pH
Safety Data Sheet

SECTION 1: Identification of the substance or mixture and the company or undertaking

1.1 Product identifier

Product type: Mixture
Trade name: CA4842 Calcium Stearate Dispersion, 55%, High pH
Label name: CA4842 Calcium Stearate Dispersion, 55%, High pH
Chemical name: Calcium Stearate Dispersion
CAS number: Mixture.
EC number: None.

1.2 Recommended and restricted uses of the substance or mixture

Recommended uses: Lubricants
Restricted uses: None known.

1.3 Company identification

Company name: Chemical Associates – A Division of Univar USA Inc.
Company address: 1270 South Cleveland Massillon Road
: Copley, OH 44321-1683
Company telephone: 330-666-5200

1.4 Emergency telephone number

Company emergency telephone: 800-347-2891
CHEMTREC telephone: 800-424-9300

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (29CFR1910.1200): Eye irritation category 2B.
Appendix A)
GHS physical hazard: None identified
GHS health hazard: Eye irritation category 2B.
GHS environmental hazard: None Identified

2.2 Label warnings of the substance or mixture

Signal word: Warning.
Hazard statements: H320 Causes eye irritation.
Precautionary statements: P264 Wash hands thoroughly after handling.
P305+351+338 IF IN EYES: Rinse cautiously with water for several
minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P337+313: If eye irritation persists get medical advice/attention.

2.3 Hazards not otherwise classified

Other hazards : No additional information available.

SECTION 3: Composition/information on ingredients

3.1 Substances

</tbody>
</table>

4.2 Most important symptoms and effects, both acute and delayed

Symptoms after inhalation : May experience dizziness and headache.
CA4842 Calcium Stearate Dispersion, 55%, High pH
Safety Data Sheet:

Symptoms after skin contact: Irritation of the nose and throat.
Symptoms after skin contact: Mild irritation of the skin may occur.
Symptoms after eye contact: Irritation of the eye tissue.
Symptoms after eye contact: May cause corneal inflammation.
Symptoms after ingestion: Mild tingling of the tongue and mouth.
Symptoms after ingestion: May cause gastrointestinal irritation, nausea and vomiting.

4.3 Indication of any immediate medical attention and special treatment needed

Treatment after inhalation: If breathing is labored seek immediate medical attention.
Treatment after skin contact: If skin irritation persists seek immediate medical attention.
Treatment after eye contact: If eye irritation persists seek immediate ophthalmologist attention.
Treatment after ingestion: If ingestion of a large quantity seek immediate poison control center.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable media: Carbon dioxide, alcohol resistant foam and water spray.
Unsuitable media: None known.

5.2 Specific hazards arising from the substance or mixture

Direct fire hazard: Not flammable.
Indirect fire hazard: Exposure to temperature above the flash point (157°C).
Explosive hazard: Exposure to temperature above the flash point (157°C).
Reactivity: Reactivity with strong oxidizers.
Combustion products: Carbon dioxide and carbon monoxide.

5.3 Special protective equipment and precautions for fire-fighters

Protective equipment: Full protective clothing.
Precautions: Self contained breathing apparatus.
Emergency response guide: Not a hazardous material.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions: Mixture is an irritant. If mixture is a hot mist or dust, stay upwind.
Protective equipment: Wear rubber gloves, rubber boots, face shield and chemical hazard suit. If material is a hot mist or dust wear dust mask or self contained breathing apparatus.
Emergency procedures: Dike spillage. Pick up with suitable absorbent material. Place in appropriately labeled waste containers. Keep away from streams, rivers and lakes.
6.2 Environmental precautions

Precautions: Do not discharge into drains/surface waters/groundwater.

6.3 Methods and materials for containment and cleanup

Methods: Use chemical absorbent pigs or manually spread chemical absorbent onto hot liquid spill area. After the mixture is absorbed, dispose in approved waste facility.

Materials: Approved materials include dry earth, sand, clay, chemical absorbent, vermiculite and carbon.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Handling temperature: About 10 - 20°C above the melt point (0°C). DO NOT ALLOW TO FREEZE.

Handling equipment: Rubber hoses or stainless steel (grade 316) lines. Stainless steel (grade 316) for pumps.

7.2 Conditions for safe storage, including any incompatibilities

Storage area: Store in dry area. Store at room temperature. Store in dyke area to contain any spills. Protect from heat.

Packaging materials: Polyethylene, stainless steel (grade 316), rubber lined or epoxy lined tanks or drums. Graphite or rubber gaskets.

Incompatibilities: Strong oxidizers.

SECTION 8: Exposure controls/personal protection

8.1 Exposure controls

OSHA PEL: None.

ACGIH TLV: TWA 10 mg/m3 (for octadecanoic acid, calcium salt).

NIOSH REL: None.

8.2 Appropriate engineering controls

Engineering controls: If dust exists, install ventilation equipped with carbon canisters. Ventilation should be 10 air exchanges per hour. Local exhaust ventilation is recommended.

8.3 Personal protection equipment

Personal protective equipment: Rubber gloves and safety glasses. Wear face shield if splashing hazard exists.
SECTION 9: Physical and chemical properties

9.1 Physical and chemical properties

Appearance : White, opaque liquid dispersion
Odor : Mild
Odor threshold : No data available.
pH : Approximately 8.3 - 12
Melting point : Approximately 0°C.
Boiling point : Approximately 100°C.
Flash point : > 93.3°C, (unspecified)
Evaporation rate : No data available.
Flammability : Not flammable.
Lower flammability limit : No data available.
Upper flammability limit : No data available.
Vapor pressure : Approximately 17.5 mm Hg at 25°F
Vapor density : No data available.
Density : > 1.01 g/cm³ 20°C.
Solubility : Dispersible in water.
Partition coefficient for n-octanol/water : No data available.
Auto-ignition temperature : Based upon the water content the product does not ignite.
Decomposition temperature : No data available.
Viscosity : Approximately 225 - 325 mPa.s 25°C.

9.2 Other information

Other information : No additional information available.

SECTION 10: Stability and reactivity

Reactivity : May react violently with oxidizers.
Chemical stability : Stable under storage conditions.
Possibility of hazardous reactions : Hazardous polymerization does not occur.
Conditions to avoid : Do not allow to freeze (0°C)
Incompatible materials : Oxidizers and strong bases.
Hazardous decomposition products : Carbon dioxide and carbon monoxide.
SECTION 11: Toxicological information

11.1 Information on the likely routes of exposure

Inhalation exposure: From mist or dust.
Skin exposure: From mist or dust
Ingestion exposure: Not a likely route of exposure.
Eye contact: From mist or dust

11.2 Symptoms related to the physical, chemical and toxicological characteristics

Inhalation: Labored breathing and irritation of the lungs may occur.
Skin contact: Mild skin irritation may occur.
Ingestion: Mild irritation of the mouth, tongue, esophagus and stomach may occur.
Eye contact: Mild eye irritation may occur.

11.3 Delayed and immediate effects and also chronic effects from short and long term exposure

Inhalation: Chronic effects are not known.
Skin contact: Chronic effects are not known.
Ingestion: Chronic effects are not known.
Eye contact: Chronic effects are not known.

11.4 Numerical measures of toxicity

Oral LD50: Rat > 5000mg/kg. No mortality was observed. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Skin LD50: Guinea pig > 3000mg/l. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition. Literature data.
Ingestion LD50: Virtually nontoxic after a single ingestion.
Inhalation LC50: Rat > 200mg/l (1 hr). The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Skin primary irritation: Rabbit. Result: non-irritant. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Eye primary irritation: Rabbit. Draize test result: slightly irritating. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.

11.5 Carcinogenicity

National Toxicology Program: Not listed.
International Agency for Research on Cancer: Not listed.
OSHA: Not listed.
11.6 Other toxicological information

Reproductive toxicity: Not classified.
Germ cell mutagenicity: Not classified.
Respiratory or skin sensitization: Not classified.
Specific target organ toxicity, single exposure: No data available.
Specific target organ toxicity, repeated exposure: No data available.
Aspiration hazard: No data available.

SECTION 12: Ecological information

12.1 Ecotoxicity aquatic

Fish: Leuciscus idus (OECD 203; ISO 7346; 84/449/EEC, C.1). No toxic effects occur within the range of solubility. The statement has been derived from substances/products of a similar structure or composition.
Bacteria EC50: > 100mg/l. The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Rotifer EC50: No data available.
Algae EC50: No data available.

12.2 Ecotoxicity terrestrial

Avian LC50: No data available

12.2 Persistence and degradability

Water: Readily biodegradable (according to OECD criteria). The product has not been tested. The statement has been derived from substances/products of a similar structure or composition.
Soil: No data available.
Air: No data available.

12.3 Bio-accumulative potential

Log Kow: No data available.

12.4 Mobility in soil

Surface tension: No data available.
Soil mobility: No data available.
12.5 Results of PBT and vPvB assessment

PBT and vPvB assessment : No data available.

12.6 Other adverse effects

Air : Not dangerous to the ozone layer.
Water : None.

SECTION 13: Disposal considerations

13.1 Description of waste residues

Storage tank residues : Hot liquid residue from tank cleaning.
Empty package residues : Solid residue remaining in emptied bag or drum container.
Transport trailer residues : Hot liquid residue from transport trailer cleaning.
Absorbent material : Solid absorbent containing mixture from a spill.

13.2 Safe handling of waste residues

Storage tank residues : Refer to section 7 for safe handling.
Empty package residues : Refer to section 7 for safe handling.
Transport trailer residues : Refer to section 7 for safe handling.
Absorbent material : Refer to section 7 for safe handling.

13.3 Methods of disposal

Storage tank residues : Dispose via an approved incineration facility.
: Dispose via an approved land fill facility.
: Dispose only in accordance with local, state and federal regulations.
Empty package residues : Remove drum package to an approved package cleaning and
recycling facility.
: Dispose only in accordance with local, state and federal regulations.
Transport trailer residues : Clean transport trailer at an approved cleaning facility.
: Disposal of cleaning residues must be in accordance with local, state
and federal regulations.
Absorbent material : Dispose via an approved incineration facility.
: Dispose via an approved land fill facility.
: Dispose only in accordance with local, state and federal regulations.

13.4 Hazardous waste classification (RCRA)

<table>

CA4842 Calcium Stearate Dispersion, 55%, High pH
Safety Data Sheet

### SECTION 14: Transport information

**14.1 UN number**

UN number: None.

**14.2 UN proper shipping name**

Proper shipping name: None.

**14.3 Transport hazard class**

Hazard class: None.
Hazard label: None.
Hazard pictogram: None.

**14.4 Packing group**

Packing group: None.

**14.5 Environmental hazards**

Marine pollutant: Not listed.

**14.6 Transport in bulk**

US DOT: Not regulated.
IMDG: Not regulated.
IATA: Not regulated.
MARPOL 73/78: Not regulated.
IBC code: Not regulated.

**14.7 Special precautions for user**

Special precautions: No additional information available.

### SECTION 15: Regulatory information

**15.1 Safety, health and environmental regulations specific for the substance or mixture**

**15.1.1 US regulations**

15.1.2 Chemical inventories

TSCA USA : Listed.
AICS Australia : Listed.
DSL Canada : Listed.
EC Europe : Listed.
ECL Korea : Listed.
IECSC China : Listed.
ENCS Japan : Listed.
NzIoC New Zealand : Listed.
PICCS Philippines : Listed.

15.2 Chemical safety assessment

Safety assessment : This product contains a chemical(s) known to the state of California to cause cancer.

SECTION 16: Other information

16.1 Hazard ratings
